Experience

Our intellectual property practice group provides Thai and international clients with a full range of IP services, including our awarded-winning patent-related services.

With qualified patent attorneys and specialists, we offer clients a market-leading set of patent capabilities. In addition to holistic management of patent portfolios for multinational companies in Thailand and those of Thai companies doing business abroad, we have experience in providing the following services on both a local, regional and global scale, taking into consideration the specific requirements of multiple jurisdictions.

- Drafting patent specifications
- Filing and prosecuting PCT and/or national-phase patent applications
- Patent opposition and invalidation
- Advising, drafting, and negotiating R&D contracts including licensing and cross-licensing agreements, technology transfer and material transfer agreement involving complex technologies

Our lawyers and patent specialists also have significant experience advising clients on

- experimental design for new inventions, patent landscape, patentability, validity and freedom to operate (FTO) assessments
- patent strategy and policy, including patent risk management
- patent due diligence in commercial transactions.

Name - Surname: Chansin Tangburanakij
 Position: Partner
 Telephone number: +66 (0) 2636 2000 ext. 4901
 E-mail: Chansin.tangburanakij@bakermckenzie.com

Experience

Chansin works closely with the Economic Crime Suppression Division of the Royal Thai Police, and with officials from the Department of Special Investigation and the Thai Customs Department. These established relationships allow for the coordination and guiding of investigators to obtain credible evidence against alleged counterfeiters and infringers.

Career

Chansin Tangburanakij is a partner in the Firm's Intellectual Property Practice Group who joined Baker McKenzie's Bangkok office in 2000. His main areas of practice include infringement and anti-counterfeiting matters involving trademarks, copyrights and patents. He also advises on trade secrets and passing-off, enforcement actions against importers and distributors of counterfeit products, look-alikes and those using unauthorized names and devices; as well as on conducting market monitoring and in-depth investigations within Thailand. Prior to joining Baker McKenzie, Chansin was a full-time law lecturer at Thailand's Assumption University focusing on general and commercial law. He has retained his ties to Assumption University as a part-time law lecturer on international business and transactions for its Masters of Law program.
