

NetSys & Computer Co.,Ltd.

Firm Overview

NetSys & Computer Co., Ltd. (NetSys) is an established name for SAP Business One implementation and support in Thailand and beyond. Our rich experience, service standard and proven credentials in SAP Business One since 2008 provides us a strong foundation to partner with you in the journey of your digital transformation with world class ERP, today and tomorrow.

Service

- Implementation
- Training
- Support
- Consulting

Experience

NetSys & Computer Co., Ltd. (NetSys) started its operation in 1995 as the IT hardware master dealer in Thailand before incorporating accounting software into its product portfolio. Driven by market dynamics, NetSys formed a strategic alliance with SAP in 2008 as SAP Business One partner. The aim was to support our clients in their pursuit of business transformation with the world class ERP solution. SAP Business One has been our focus ever since because we trust it for better results. We are certified SAP Gold Partner in Thailand.
